Practical Nursing Program

INFORMATION PACKET

ADMISSION POLICIES AND PROCEDURES FOR PRACTICAL NURSING

Nursing applicants must first schedule and take the Next Gen Accuplacer test in Reading and Arithmetic. Contact the Assessment Center at the Chickasha or Cowan campus to schedule an appointment for testing.

After meeting the score requirements on the Accuplacer (or TEAS), the potential student will be given an application packet. Completed application forms will be marked with the date and time they are returned to the school counselor. Admittance into the program or placement on the waiting list will be determined on a first-come, first-serve basis. If there are no available openings, the applicant's name will be placed on a waiting list. Prospective students will be notified of a date to begin class either by letter or telephone as openings become available.

All accepted applicants will need to meet with the Financial Aid Officer immediately upon notification of acceptance into the program. Information regarding program costs and expenses are included in this packet.

ACCUPLACER

The Next Gen Accuplacer is an untimed, multiple-choice exam that tests basic academic knowledge in Reading and Arithmetic. The first time you take this test, there is no fee. A minimum score of 250 on each subject area test is required for admission. If you do not make the minimum score, you must wait 30 days to retest and there will be a fee for each retake (currently \$3 per test). If an applicant needs to take the test a 3rd time, there must be 90 days between test #2 and test #3.

If you pass one subject test and not the other, the scores from different testing dates can be combined. For example, if you pass the Arithmetic on your first attempt, but do not pass the Reading, you will only need to retake the Reading test for the \$3 fee.

Test Scores are good for 2 years.

TEAS

TEAS test scores not more than two years old can be used to obtain an application. These scores can come from other institutions as long as they are official ATI scores. You must print your TEAS scores in the counselor's office. A minimum score of 70 on the TEAS reading and a 44 on the TEAS math is required.

TOEFL

An individual, who is not a citizen of the United States, or citizen with limited English proficiency, is required to take the TOEFL (Test of English as a Foreign Language) exam. This exam can be taken at a college or university. For paper-based international or institutional scores - 530 or above is required; for computer-based international TOEFL - 197 or above is required. Results of the TOEFL must be submitted with the application.

Frequently Asked Questions and Answers

1. What is the difference between a traditional program and an individualized program?

Traditional Program – all students begin and complete the program at the same time.

Individualized Program – students work within their own individualized time frames which is monitored and facilitated by faculty.

Canadian Valley's School of Practical nursing is a non-traditional individualized program. *You must be able to attend a minimum of 24 hours per week within the published hours below.*

2. During what hours am I able to meet the minimum attendance requirements?

Chickasha Campus: Classroom hours are 7:45 – 11:00 am and 12:10 – 3:00 pm
Clinical hours are: 6:30 am – 2:30 pm and 2:30 – 11:00 pm

El Reno Campus: Classroom hours are 8:00 – 11:10 am and 12:30 – 3:15 pm
Clinical hours are: 6:30 am – 2:30 pm and 2:30 – 11:00 pm

3. What advantages are there to an individualized program?

- A student may go at a slower or faster pace
- Individualized instruction/instructor facilitated
- Open entry/open exit
- Will provide time for part-time work outside of school
- Will provide more time with family
- Flexible schedule (except clinical rotations)

4. Is there a school dress code?

LPN students are required to wear scrubs (any color or style) to class each day. T-shirts, sweatshirts, and jackets may be worn with scrub pants. CV Tech specified scrubs must be worn during clinicals.

5. Why must I purchase an I-Pad or comparable tablet?

Education is enhanced with the I-Pad. Vast amounts of information is available at your fingertips and there are amazing medical applications for the I-Pad and beyond. It is well documented that your ability to utilize this technology is a **MUST** in preparation for your nursing career.

Student iPads must be able to update to iOS 11 or greater. If not, they cannot download the textbooks and the corresponding apps. All 64-bit iPad devices support iOS 11.

6. What if I can't start the program when my name is at the top of the waiting list?

If you are unable to begin the program when the counselor notifies you will be moved to the end of the waiting list. When your name again moves to the top of the list you are once again notified that a slot is open. However if you are still unable to start the program your name will be removed from the waiting list and you will need to start the application process over.

7. Can I receive credit for previous health-related work or education?

#1 – Our advanced standing policy provides students with the opportunity to receive credit for previous health-related work experience as long as you have worked the equivalent of one year full-time within the last five years and/or health-related education. Students must be able to validate their prior experience and/or provide an official transcript. Students granted advanced standing will progress through the program at a faster rate. Students not maintaining a GPA of a C or above may lose advanced standing.

#2 – Advanced standing allows you to receive credit for Medical Terminology, Anatomy, Physiology, or any other college or Practical Nursing program that meets the objectives of the PN program. If the advanced standing you will be requesting is for nursing courses you must provide an official transcript, all courses must have been completed with an 80% or above, and you must request the school provide the PN Director with a letter of good standing from a past school official.

8. What is the average length of time in which students complete the program?

Since the program is open-entry, open-exit, individualized instruction, a student may progress very quickly, particularly when receiving advanced standing or successfully mastering allowed subjects. A generic student (one without advanced standing, etc.) typically completes the program in 20 - 22 months.

9. What about job placement?

Our graduates have excellent job placement opportunities. Nurses may work in hospitals, clinics, home health, hospice, long-term care, retirement centers, etc. Starting hourly salaries are usually between \$12.00 and \$20.00 dollars an hour.

10. What about the licensure examination to become a Practical Nurse?

Graduates are eligible to take the national licensure examination (NCLEX- PN). It is a computerized test, offered daily, Monday through Saturday, at the Sylvan Learning Centers in Oklahoma City and Tulsa. See pg. 7 for further information on eligibility for licensure.

11. If I continue my education for a degree as a Registered Nurse, will I receive any credit for my Practical Nursing studies?

Advanced standing policies vary according to what college or university you wish to attend. Most have challenge policies that provide practical nurses with the opportunity to take challenge tests in order to receive college credit. Colleges and universities utilize standardized exams to determine an individual's entry level into a Registered Nursing program.
