# Canadian Valley Technology Center

**Our mission is to prepare people to succeed through quality career and technical education programs and services.**

Since 1970, we have been providing educational opportunities for high school students and adults. Our programs and services help you if you're ready to enter the workforce, if you're going to college, if you're an adult ready to make a career change or simply ready to expand your skills. CV Tech is ready to help you focus on your future.

CV Tech's student body is a diverse group of high school students from 14 sending schools and adults from the communities we serve. We have three campuses and offer training in 29 career fields.

Each year, hundreds of students choose to maximize their education by adding Canadian Valley's career-focused curriculum to their class schedules. Students are taught the fundamental concepts of their chosen field and learn to apply them in a professional lab/shop environment, all while learning to apply math, science, literacy, and employment readiness into their studies. This approach helps our students master highly technical procedures and gives them a head start on developing the work ethic employers demand from employees. As a result, our graduates are prepared to keep up with today's rapidly changing job market.

At CV Tech, instructors utilize instructional delivery that consists of individualized, standards-based learning through the use of an online learning management system and hands-on, skills-driven, project-based learning that includes work-based learning opportunities and capstone projects. Employability skills and academic skills instruction are incorporated with occupational skills education throughout the program.

# CV Tech Information

---

## Schedule

We offer two daytime class sessions:

AM 8:25 - 11:15

PM 12:25 - 3:15

Class sessions are approximately three hours with a ten minute break. Students will spend the entire time in their program unless they are taking a math class at CV Tech.

---

## Transportation

Bus transportation is provided from each high school campus or students may choose to drive to campus.

---

## Industry Certifications

The District will pay for up to four industry or trade-specific certification examinations and licenses related to the student's approved program of study, not to exceed \$350.00 per student, per program. To receive this benefit, a student must be:

- taking their first attempt; does not count for retakes
  - currently enrolled or recently completed (within the current year)
  - in district student in good standing
  - have the program instructor's recommendation to take the exam.
- 

## High School Credit

Courses that qualify for credit are marked with this symbol  on the program syllabus. They will also be marked with one of the following symbols to identify the type of credit earned.

 = Science Credit

 = Computer Science Credit

 = Math Credit

All  marked courses qualify for OHLAP credit. OCAS codes are listed on the program syllabus. Awarding of high school credit for courses shall be at the option of the local independent board of education.

Check ODCTE website for continuous updates.

<https://oklahoma.gov/careertech/educators/ocas-codes.html>

---

## College Credit

Community colleges and universities that offer technical college certificates may award college credit for courses taught at technology centers through Prior Learning Assessments (PLA's).

See current Statewide PLA Technical Inventory at

<https://showwhatyouknowok.org/careertech-occupational-licenses/>

For more information contact a CV Tech counselor. (see next page)

## Accounting and Business Management

The Accounting & Business Management program at CV Tech provides students with technology and managerial skills needed for success in competitive business careers as well as valuable prerequisite skills for success in college business majors such as accounting, finance, marketing and management. Students choose an emphasis on either accounting or administrative support.

A focus on professional business communication, office procedures, and advanced Microsoft Office software programs including word processing, spreadsheet, database, and presentation software, assist with college readiness and provide professional training for immediate job placement in positions related to accounting and administrative support.

10th grade reading level; Basic math skills

The Automotive Collision Technology program at CV Tech is an I-CAR affiliate program. Students will learn auto detailing, nonstructural collision repair, refinishing, structural collision repair, estimating, shop management, and customer service.

**Local Program**

Collision Repair Technician, OCAS 9904/9905

<b>Courses</b>	<b>Hours</b>	<b>OCAS</b>
Non-Structural Analysis and Damage Repair	300	
Structural Analysis and Damage Repair	40	
Painting and Refinishing	300	
Damage Analysis, Estimating, and Customer Service	70	
Mechanical and Electrical Components	40	
Auto Collision Projects	180	
Employment Readiness	30	
<b>TOTAL HOURS</b>	<b>960</b>	

**Occupations**

- Painter Helper
- Body Technician Helper
- Auto Detailer
- Refinishing Technician
- Collision Technician
- Estimator / Appraiser
- Service Writer
- Industrial Refinishing

**Entry Level Salary Range**

\$10.00 - \$22.00 per hour

**Licensure/Certification**

- I-Car/PDP-EE Pro Level 1
- I-CAR Platinum Refinishing
- I-CAR Platinum Nonstructural

**Resources**

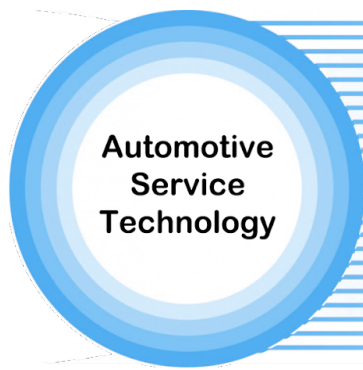

- I-CAR Collision Repair PDP Online
- Auto Collision Repair and Refinishing

**Suggested Entry Level Skills**

9th grade reading level; Basic math skills; Algebra, Geometry

**Clothing Requirement**

Students must wear long pants or shorts, shirt, and close-toed shoes. No basketball shorts. Must wear clothes that can get dirty; be prepared to get dusty.

The Automotive Service Technology program at CV Tech is a NATEF certified program that focuses on diagnosing and repairing passenger cars and light trucks, including current computer controlled models. Students learn about the following systems: brakes, steering and suspension, electrical, heating and air-conditioning, automatic transmission, manual transmission and drivetrain, and engine repair and performance.

<b>Local Program</b>			<b>Occupations</b>
Automotive Technician (NATEF Aligned), OCAS 9906/9907			
<b>Courses</b>	<b>Hours</b>	<b>OCAS</b>	<b>Entry Level Salary Range</b> \$12.00 - \$25.00 per hour

Automotive Automatic Transmission	115		
Automotive Engine Repair	115		
Automotive Engine Performance	115		
Employment Readiness	40		
<b>TOTAL HOURS</b>		<b>960</b>	

**Suggested Entry Level Skills**

10th grade reading level; Basic math skills; Algebra; Geometry

**Clothing Requirement**

Work shirt and work pants; valuable clothing should not be worn, as it could be ruined by contact with dirt and grease. Closed-toe shoes are required; leather, high top, steel toe work shoes, or boots with oil resistant non-slip soles are preferred. Safety glasses are required (1st pair provided).

The Aviation Structural Technician program is composed of training and course work that prepares students for a career as an Aviation Structural Technician.

This program provides students with broad and varied experience in aviation science and theory related to aircraft shop practice, maintenance, and repair. Students are prepared for a career as aircraft structural technicians and support personnel. Topics include flight line and shop safety, aircraft structures, metals, hand tools, and measuring devices, aircraft riveting, hardware, technical drawings, forming processes, structural repair, and corrosion control.

<b>Local Program • (High School Only Program)</b>			
Aviation Maintenance, OCAS 9879/9880			
<b>Courses</b>	<b>Hours</b>	<b>OCAS</b>

 ASA Aircraft Inspection, Repair and Alterations AC43, 13 1B and 2B  
 Federal Aviation Regulations (FAR-AMT)

**Suggested Entry Level Skills**

College reading level; Basic math skills; Algebra

**Clothing Requirement**

Students are expected to dress appropriately for the industry including, but not limited to, long pants and closed-toe shoes. Students will be expected to wear protective clothing designated by the instructor. Protective clothing includes aprons, hard hats, shoes covering feet, lab coats, gloves, goggles, and safety glasses. Failure to wear such protective clothing can result in dismissal.

The Aviation Maintenance Technology program is composed of the training and course work that meet the eligibility requirements to take the Federal Aviation Maintenance (FAA) examinations for Airframe and Powerplant certification.

This FAA-approved program provides students with broad and varied experience in aviation science and theory related to aircraft shop practice, maintenance and repair. Students are prepared for jobs as aircraft maintenance technicians and support personnel. Topics include general information, basic electricity, airframe structure, airframe systems, reciprocating engines and systems, propeller systems, and gas turbines and systems. The curriculum is structured as follows.

<b>Local Program - (Adult Only Program)</b>		
Aviation Maintenance Technician, OCAS 9901		<b>Occupations</b> Aviation Maintenance Technician

**Suggested Entry Level Skills**

Completion of Biology I, Algebra I, and Geometry in high school with a grade of “B” or better in all math and science courses and a strong interest in the medical field. A grade of “C” or better in pre-AP and AP courses. 90% attendance for the previous semester, or supporting documentation for extenuating circumstances.

The CADD program at CV Tech emphasizes communication design through 3D modeling, texturing, animating, rigging, and game design. Students gain introductory skills in traditional design software (AutoCAD, Revit, Bentley Systems, Inventor) to prepare for skills and techniques of emerging technologies (advanced real-time rendering, interactive design and virtual reality using Twinmotion, Blender, and Unreal). Options are offered in civil, architectural, and mechanical design and drafting.

**Clothing Requirement**

Closed-toe shoes (work boots or tennis shoes); no loose-fitting clothing.

The Cosmetology program at CV Tech prepares students enrolled in the cosmetologist program for the State Board of Cosmetology licensing exam and to work in the cosmetology industry. Students will receive classroom instruction and hands-on training in sanitation, hair, scalp, nail, and facial treatments. Students must complete 1500 hours of training; high school students may have 500 hours waived if high school courses are successfully completed. Students must register with the State Board of Cosmetology which requires a \$5.00 fee and documentation of date of birth (must be 16 years old by November 1st) and social security number prior to attending class.

High school students may not be enrolled in a pull-out academic class.

**Local Program**

Cosmetologist Public and Cosmetologist, OCAS 9478/9488

Esthetician

**Entry Level Salary Range**

\$15.00 - \$30.00 per hour

**Licensure/Certification**

Cosmetologist License  
from the State Board of  
Cosmetology

**Resources**

Pivot Point Cosmetology  
S/P2 Safety

**Suggested Entry Level Skills**

10th grade reading level; Basic math skills; Algebra

**Clothing Requirement**

Uniforms are required; the cost is typically between \$50 to \$60 for top and pants and \$20 for shoes.

The Criminal Justice program at CV Tech is designed to prepare students to pursue not only a career, but their calling to serve as an emergency responder. The students will primarily focus on criminal justice as well as gaining knowledge in the areas of emergency medical response and fire safety. Students will be prepared to be a dispatcher, corrections officer, security guard, or pursue further education to become a police officer. The students will also receive training and test for certification as an emergency medical responder. This program will prepare students to be a well-rounded first responder.

<b>Local Program</b>			
Criminal Justice, OCAS 9629/9638			
<b>Courses</b>	<b>Hours</b>	<b>OCAS</b>	<b>Occupations</b>

**Suggested Entry Level Skills**

10th grade reading level; Basic math skills; Algebra; Geometry

**Clothing Requirement**

Jeans, steel-toe shoes or boots, and safety glasses are required and metatarsal guards are recommended. Lightweight coveralls may be used to protect clothing.

## Digital Media Technology

The Digital Media Technology program at CV Tech prepares students for video production and digital communication. Students will create various media pieces using Apple computers and a variety of software. All students will learn how to fly a drone and have the opportunity to become licensed. Video Production students will focus on Adobe Premiere and After Effects while Digital Communications students will learn how to create marketing pieces using Adobe Photoshop and InDesign, as well as online digital marketing through social media.

### Local Program

Multimedia Specialist, 9540/9541

*Option 1 Digital Communications*

*Option 2 Video Producer*

### Courses

### Hours OCAS

Fundamentals of Technology 	120	8169
Art and Science of Photography/Video	120	
Multimedia & Image Management Techniques 	120	8150
Digital Editing and Production	120

### Suggested Entry Level Skills

8th grade reading and math levels

**Early Care  
and  
Education**

The Early Care and Education program at CV Tech is designed to prepare students for employment in child care occupations. The National Accreditation Commission for Early Care and Education Programs (NAC) accredits the on-site Child Development Center, where students will experience rotations with children six weeks through five years of age. Students in this program will begin their portfolio to earn The Child Development Associate (CDA) Credential.

**Local Program**

Early Care Education, OCAS 9480/9489

<b>Courses</b>	<b>Hours</b>	<b>OCAS</b>
Planning a Safe, Healthy Learning Environment	120	
Advancing Children’s Physical and Intellectual Development	120

Sleep Safe  
Early Learning Guidelines

American Heart Association  
CPR/First Aid

*ODCTE Competency Tests:*  
Teacher Assistant  
Master Teacher  
Pathway to Your National  
Credential

*After completing this program, students who complete the CDA process while working at a child development center may apply for their National Credential.*

**Resources**

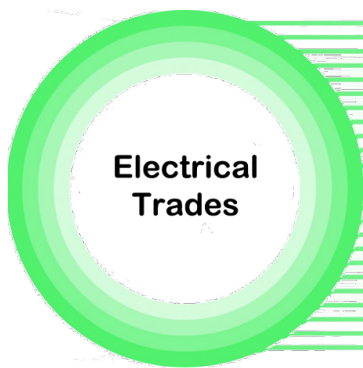

Working with Young Children  
The Child Development  
Associate National  
Credentialing Program and  
CDA Competency Standards  
Child Development

**Suggested Entry Level Skills**

9th grade reading level; Basic math skills

**Clothing Requirement**

Closed-toe shoes required in the Child Development Center kitchen. Clothing should be washable and fit to allow for movement, outdoor activities and sitting on the floor with children.

The daytime and evening Electrical Trades programs at CV Tech are a CareerTech State affiliated program. Students will learn about both residential and commercial electrical installations. This will include knowledge and skills in the use and understanding of the National Electrical Code, blueprint reading, NEC code calculations, safety, and wiring methods. The certificate of graduation in Electrical Trades is accepted by the Construction Industries Board as one year of experience toward the four years required for a Journeyman License. *The evening program is an adult only program.*

10th grade reading level; Basic math skills (understanding the marks on a ruler for example)

**Required Materials**

There is a \$45 materials fee that is required for all students in this program.

The Health Careers program at CV Tech prepares students through training in core medical knowledge, anatomy, physiology, medical terminology, first aid/CPR, communication pertaining to the health sector, and nursing assistant skills. Students will complete certified nursing assistant (LTCA) training. This is a first year program where students will work toward their CNA. Students who receive their CNA will have the option to enroll in one of the following: Health Careers AUA+ where they will also learn EKG Tech and Phlebotomy; or Medical Assistant. Those who decide not to pursue patient care may enroll in the Medical Office program to learn medical office skills so they may pursue working on the administrative side of a hospital or doctor's office.

Closed-toe shoes and proper PPE are required and long pants are recommended in the shop.

## Industrial Automation

The Industrial Automation program at CV Tech prepares students for a career in the manufacturing and automation industries. Career path opportunities include, but are not limited to, electro-mechanical technician, programmable logic controller or controls technician. Students develop skills in the areas of mechanical systems integration and maintenance, electrical controls, robotic automation and controls, fluid power including hydraulics and pneumatics, and programmable logic control. Students will become multi-skilled persons that can grow in a rapidly emerging workplace in a variety of industrial and automation technology fields.

### Clothing Requirement

Long pants, short-sleeved shirts, closed-toe shoes with socks, and safety glasses are required.

## Medical Assistant

The Medical Assistant program at CV Tech prepares students to assist physicians and other healthcare providers in a medical office or clinic setting. Some of the core courses include CPR, First Aid, medical terminology, anatomy and physiology, and an introduction to medical assisting.

More specialized courses include pharmacology (including administering oral, topical and injectable medicines) and clinical procedures for selected disorders of each body system. Some of the independent procedures the medical assistant performs include taking vital signs, obtaining a medical history, and measuring height and weight. The medical assistant will also assist the physician with minor office surgeries. In addition, students will learn how to obtain and prepare blood samples for testing, how to perform point of care diagnostic testing, and executing quality control on the testing equipment. \*\*For high school students: *This program requires that a student has already completed Health Careers CNA.*

Project Connect is an alternative education program designed to help high school students ages 16-19 acquire a marketable skill while earning the credits necessary to receive a high school diploma. The school week includes 15 hours of academic instruction and 15 hours of occupational instruction. During the six hours in the school day, students are in Project Connect for three hours and they are in a tech program for the other three hours. *\*\*See intake / interview schedule on page 54.*

### **Local Program• (High School Only Program)**

Project Connect

#### **Goals**

1. Assist students with gaining the knowledge and understanding of required academic courses with 85% accuracy as presented in individual academic contracts.
2. Practice effective communication and life skills.
3. Provide students with the writing, grammar and math skills necessary to become a successful employee.
4. Provide students with the study skills and critical thinking skills needed to prepare them for higher education and training.
5. Develop character traits that will contribute to success in the workplace and society.

---

Students must be referred by partner school principals or counselors. Contact the following to make a referral:

Alan Cook  
405.422.2328  
[acook@cvtech.edu](mailto:acook@cvtech.edu)

Kristi Stephens  
405.422.2252  
[kstephens@cvtech.edu](mailto:kstephens@cvtech.edu)

---

#### **Diploma Requirements**

Students must meet graduation requirements of their partner schools. Through one-on-one counseling, students contract to earn the credits needed for a high school diploma. Credits are transcribed by the partner high school.

---

#### **Suggested Entry Level Skills**

8th grade reading level; Basic math skills

The Service Careers Building and Grounds Maintenance program at CV Tech develops skills in horticulture, facilities cleaning, landscaping, and basic auto detailing. Students gain hands-on experience as they work in the greenhouse, create and maintain the service careers garden, practice landscaping, facilities cleaning, and floral design. There is an emphasis in this program on the development of employability skills, positive attitudes, and work ethic.

<b>Local Program</b>		
Service Careers Building and Grounds, OCAS 9007/9021		
<b>Courses</b>	<b>Hours</b>	<b>OCAS</b>
Horticulture and Garden Care	360	
Landscaping and Grounds Care	180

<b>Entry Level Salary Range</b>		
\$8.00 - \$15.00 per hour		
<b>Licensure/Certification</b>		
N/A		
<b>Resources</b>		
Teacher Created and Industry Based		

**Suggested Entry Level Skills**

Basic reading and math skills but most important is a willingness to learn, work, and be employable upon completion of this program.

**Clothing Requirement**

Closed-toe shoes are required for all activities. Long pants are required for custodial and landscape labs. Students should wear old clothes or may keep a set of work clothes in their lockers.

The Service Careers Hospitality program at CV Tech develops skills in customer service, event setup, hotel housekeeping and laundry, office cleaning services, communication, teamwork, and organization. There is an emphasis in this program on the development of employability skills, positive attitudes, and work ethic.

<b>Local Program</b>			<b>Occupations</b>

**Suggested Entry Level Skills**

Basic reading and math skills but most important is a willingness to learn, work, and be employable upon completion of this program.

**Clothing Requirement**

Students must wear closed-toe shoes for all activities (no sandals allowed). Students should wear shirts that cover their shoulders (no tank tops allowed). If a hat is worn, the brim must be facing their face.

The Surgical Technology program at CV Tech prepares students to provide quality patient care before, during and after surgery as a critical part of the surgical team. Students learn to prepare operating rooms for surgery; sterilize and supply equipment; prepare patients for surgery; assist surgeons and nurses during surgery by passing instruments and other sterile supplies. Students will experience challenging coursework and instruction in a variety of surgical procedures and clinical settings.

**Local Program • (Adult Only Program)**

Pharmacology for the Surgical Technologist 5th Ed.

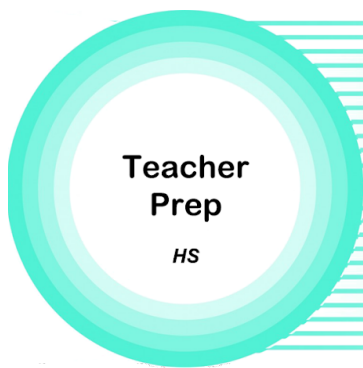

**Suggested Entry Level Skills**

9th grade reading level; Must score 250 in reading and 238 in arithmetic on Accuplacer to apply.

**Clothing Requirement**

Students must wear scrub bottoms every day (dark gray or black); you may wear a HOSA or CV Tech t-shirt instead of a scrub top. A jacket is allowed with a HOSA or CV Tech short sleeve t-shirt under. Students must wear healthcare appropriate shoes (athletic, closed toe shoes that are clean and professional, no Croc type shoes).

The Teacher Prep program at CV Tech is designed to get students a jump start into becoming a teacher or employment in a school setting as a paraprofessional. This one year program is designed to help high school students explore the various teaching careers in the educational field and gain classroom experience through internships at our local schools. Students will have the opportunity to gain certification as a teacher's aide as well as work toward entry into a college teaching program.

The Vision Care Technician program at CV Tech prepares students through training in the areas of diagnostic testing, clerical skills, and assisting an eye care doctor. Students will learn to perform and document a variety of diagnostic tests as directed by a physician, record patient information and medical history in electronic medical records, clean and maintain ophthalmic instruments, assist physicians during patient appointments, and provide excellent customer service and patient care. In addition, students will give patient instructions and provide patient education on proper care and use of corrective lenses. The program offers practical experiences with local eye care specialists.

**Local Program**

**Occupations**

- Ophthalmic Assistant
- Optometric Assistant
- Ophthalmic Photographer

**Entry Level Salary Range**

\$16 - \$19 per hour

**Licensure/Certification**

- Certified Ophthalmic Assistant
- AHA BLS Provider, CPR, First Aid

**Resources**

- The Ophthalmic Assistant
- Anatomy & Physiology Overview

**Suggested Entry Level Skills**

10th grade reading level; Basic Algebra

**Clothing Requirement**

Students must wear scrubs every day (gray); you may wear a CV Tech t-shirt instead of a scrub top in class but a full set of scrubs is required for clinicals. A sweatshirt (no hoodies) or jacket is allowed with a CV Tech short sleeve t-shirt under. Students must wear healthcare appropriate shoes (athletic, closed toe shoes that are clean and professional, no Croc type shoes). Long fingernails can interfere with completing the skills of a technician, please keep nails to a modest length; consider no more than a quarter of an inch beyond your fingertip.

The daytime and evening Welding program at CV Tech prepares students for a career in the welding field. Students will learn about Shielded Metal Arc Welding (Stick), Gas Metal Arc Welding (MIG), Flux Cored Arc Welding (FCAW), and Gas Tungsten Arc Welding (TIG). Students will also learn about oxy-fuel cutting and weld shop blueprint reading. *The evening program is for adults only.*

### Local Program

# World-of-Work Map and U.S. Department of Education Career Clusters

- U.S. Department of Education 16 Career Clusters
- CV Tech Local Programs

Oklahoma based the above model on the ACT World-of-Work Map in order to crosswalk the 6 ACT Career Clusters to the 16 U.S. Department of Education Clusters. This version does not imply endorsement by ACT or the U.S. Department of Education.

# Oklahoma CareerTech Certifications Processes

Law	Year	Description of Qualifiers	How Counted	Process
HB 3218	2016 (Original SB 497 in 2006)	<p>Business and industry recognized endorsements <b>attained</b> by students:</p> <ol style="list-style-type: none"> <li>1) Business and industry recognized endorsements are listed on the approved list <a href="#">here</a>*.</li> <li>2) Approved business and industry recognized endorsements follow A-F guidelines. Use the ones that appear in the A-F column with "Yes."</li> </ol>	<p>Business and industry recognized endorsements <b>attained</b> by students shall be <b>transcribed</b> on the student's high school transcript.</p>	<p>Technology centers send the name of the business and industry recognized endorsement and the name of students <b>earning</b> that endorsement to the high school counselor/registrar.</p> <p>At the high school, CTE teachers inform counselor/registrar the name of the business and industry recognized endorsement and the name of students <b>earning</b> that endorsement.</p> <p>Counselor/registrar adds <u>name of endorsement</u> to students' transcript in "notes" or "testing" section.</p>
HB 3218	2016	<p><b>Postsecondary Opportunities:</b> <i>Students <u>enrolling and successfully completing technology center industry certification programs</u> earn points that count towards the A-F report card of the local high school.</i></p> <ol style="list-style-type: none"> <li>1) Industry certification programs must lead to specific certifications on the approved list <a href="#">here</a>*.</li> <li>2) Use certifications that appear in the A-F column with "YES."</li> </ol>	<p>Students may earn any number of points addressed in "Postsecondary Opportunities." Only 1 point per student can count on the A-F report card of the high school, however. Schools should submit all students qualifying for points. SDE will determine duplicative points.</p>	<p><b>Technology centers</b> will report enrollment, participation and grades to ODCTE for all students in qualifying industry certification programs. ODCTE compiles this data and reports it to SDE.</p> <p><b>High schools</b> will use approved CTE OCAS subject codes for reporting in the WAVE to ensure credit in the report.</p> <p>SDE guidelines can be found at <a href="http://sde.ok.gov/sde/accountability-assessments">http://sde.ok.gov/sde/accountability-assessments</a> (includes approved CTE courses). Select "<b>Postsecondary Opportunities Guide.</b>"</p>

# Oklahoma CareerTech Certifications Processes

Law	Year	Description of Qualifiers	How Counted	Process
SB 1370	2018	<p><b>CORE students only:</b> Successful completion of 1 year of a full time, 3-hour CareerTech program leading to an industry-valued credential/certificate (<b>industry-endorsed or industry-aligned</b>) or college credit.</p> <p>1) Industry certification programs must lead to specific certifications on the approved list <a href="#">here</a>*.</p> <p>2) Use certifications that appear in the <u>Endorsed</u> or <u>Aligned</u> column with “Yes.”</p>	Can fulfill high school graduation requirements <b>for CORE students only</b> by counting as 1 of the 2 math credits that are at or above the level of Algebra I.	<p>Technology center sends student grades to the high school. It is a local decision as to how the high school records it on the transcript. Following local board of education approval, counselor/registrar adds to students’ transcripts.</p> <p>Technology Centers should use current CTE Subject Codes for reporting program completion to the high schools.</p> <p>The OSDE will provide guidance to school districts for transcribing, including suggestions for tracking the completion of math requirements. A statewide “Core Curriculum Enrollment” form for the core curriculum will be available on the OSDE Accreditation Division’s website.</p>

\*Approved Assessment List – Updated: <https://www.okcareertech.org/educators/assessments-and-testing/testing/testing>.

**Other academic resources** including **Oklahoma CTE Guidelines for Academics** at <https://oklahoma.gov/careertech/educators/counseling-and-career-development.html>.

If you have questions or need more information, please contact Shawna Nord, Counseling and Career Development manager, 405.743.5524, [shawna.nord@careertech.ok.gov](mailto:shawna.nord@careertech.ok.gov), or Julie Childers, Academic Coordinator, 405.743.5110, [julie.childers@careertech.ok.gov](mailto:julie.childers@careertech.ok.gov).

# Career Tech Program Meeting Math Requirement

---

## SB 1370 (Regarding Math)

For students under the age of 18, school districts **must** require a parent or legal guardian of the student to **meet with a designee of the school prior to enrollment** in the **CORE** curriculum. All parties must sign off.

Allows for the acceptance and completion of one (1) year of a full-time, three-hour career and technology program *leading* to an industry credential / certificate (endorsed or aligned) to **satisfy** a **third math to meet graduation requirements for students on the CORE curriculum.**

Career Tech programs cannot satisfy both CORE Math and a computer credit in the same year.

The CORE curriculum counts for high school graduation only. It does not meet college entrance requirements or OK Promise requirements.

Using Career TEch to satisfy a 3rd math credit in high school **should be the exception rather than the rule**. Students should not be discouraged from taking Algebra II. (We do not want to make it more difficult for our students should they choose to continue to higher education, as 52% of our students do).

## How to show on transcript, from SDE:

*(Found in SDE Graduation Requirements for Math PDF on page 4)*

Q: A student on the Core Diploma Pathway has opted to take one year of a full-time, three-hour career and technology program in place of a third mathematics credit. What subject code belongs on this student's transcript?

A: If a student is on the Core Diploma pathway and is taking a three-hour career and technology course in place of a third math credit, the subject code for the course they are taking is recorded on the transcript. Then, a comment may be added to the transcript stating that the third math requirement for graduation has been *satisfied* by [course or program name/code].

Example: mark the CT course with an \* , then denote what the \* means on the transcript;

9707 Welding MN \*

*\*Student satisfied 3rd math credit with an approved 3 hour CareerTech program.*

- **S.B. 1370 is NOT the same as a student taking a pull-out math course at Career Tech.**
- Student's taking a math course at a Career Tech need to be transcribed the exact same way as they would be if the student was taking it at their local High School.

From Julie Childers, Academic Coordinator, ODCTE

<https://oklahoma.gov/careertech/educators/counseling-and-career-development/resources/academics.html>

# Career Tech Academic Credits/Transcripting

---

## Math and Science Courses

On March 26, 2015, the Oklahoma State Board of Education approved certain math and science courses taught at technology centers and select high schools to count for academic credit on high school transcripts. On June 8, 2015, the Oklahoma State Regents for Higher Education approved the PLTW Pre-Engineering and PLTW Biomedical courses to count for academic credit on the College Prep/Work Ready curriculum and to count for OKPromise. CTE Biotechnology courses will count as a science course on the CORE curriculum and will count as electives on the CollegePrep/WorkReady curriculum. Additional courses were approved in December 2016.

In order for students to receive credit for these courses, it is imperative that schools follow these guidelines:

- 1) Technology Centers must submit these courses to their partner schools' boards of education for approval to count these courses as academic credit for graduation purposes.
- 2) NCAA – High schools will need to submit to NCAA course syllabi's for the courses approved by the local BOEs that meet the requirements for math or science credit. Technology Centers will need to work with their partner schools to supply the information needed by NCAA.
- 3) It is **very important** that the technology centers send their partner schools the correct OCAS code when listing courses receiving academic credit. (Just as technology centers have been doing for Human Anatomy/Physiology in Health and for courses already on the OKPromise list of approved courses.) It is also **very important** that high schools use these same codes when adding the courses to the students' transcripts. The correct OCAS codes for the science and math courses are listed in the chart below.
- 4) Additional computer education courses approved for OKPromise and the CollegePrep/WorkReady curriculum are listed under **CTE Academics and Transcripting**. Here is the link to the list of courses on the SDE's website:  
<https://oklahoma.gov/careertech/educators/ocas-codes.html>

# Adult Enrollment Steps

(updated May 2023)

The LPN and Surg Tech program has different admission and testing requirements. There are no testing waivers for these programs. Ask a counselor about the application process or see the Practical Nursing page on our website [www.cvtech.edu](http://www.cvtech.edu).

**Do you qualify for a testing Waiver(s)?** Test scores are valid for **5 years** from the test date.

- ACT: Composite of 19 or higher
- SAT: Composite of 980 new SAT / 1330 old SAT or higher
- Prior Assessment
  - Accuplacer Next Gen scores: 235 in Reading; 238 in Arithmetic
  - Accuplacer Classic: 53 in Reading; 41 in Arithmetic
  - WorkKeys: 3 in all areas
- Pass at least 12 hours of level 1 college courses or Associate Degree (within the last 5 years). Students must be in good standing with the previous school(s).
- Bachelor/Master's Degree (can be older than 5 years, no time restriction)

**If qualifying for the waiver, all qualifying documents must be submitted to the appropriate program counselor.**

- You will be enrolled or placed on a waitlist.

**If you do not meet any of the criteria above, schedule the Accuplacer Assessment**

- (405) 422-2382 or (405) 422-2318 to schedule assessment
  - 1<sup>st</sup> test is free; retest or no show will cost a small fee.
  - Cut scores: Reading 235 (250 LPN; 250 Surg Tech; 245 Aviation)  
Arithmetic 238 (250 LPN; 238 Surg Tech; 245 Aviation-QRAS)

**If taking Accuplacer: Upon completion of the assessment, you'll meet with the appropriate program counselor.**

- You will be offered remediation, enrolled, or placed on a waitlist.

**If accommodations are needed:** Prior to scheduling your assessment: Call (405) 422-2284 for El Reno; or (405) 245-3376 for Cowan

**Complete FAFSA application online, if applicable:** <https://studentaid.gov>

School Code: 009965

**Determine if you qualify for the Next Step Scholarship**

- Are you 23 years of age or younger?
- Do you have a high school diploma or GED?
- Do you live in one of our partner school districts?

## New Student Intake Schedule 2023-2024

*Dates/times/locations subject to change in the CVTC Return to Learn Plan*

START DATE/EVENT	Date	Time	Place
<b>FIRST 9 WKS – START 8/10/2023</b>			
PC Intake Interviews	Scheduled by Staff	TBD	CV Tech - El Reno
Application Cut-off	August 1, 2023		
<b>SECOND 9 WEEKS – START 10/16/2023 OR Monday following Fall Break</b>			
PC Intake Interviews	October 2, 2023	8:00AM - 4:00PM	PC Conference Room
Application Cut-Offs	September 9, 2023		
<b>THIRD 9 WEEKS – START 1/4/2024</b>			
PC Intake Interviews	December 4, 2023	8:00 a.m. – 4:00 p.m.	PC Conference Room
Application Cut-Offs	November 28, 2023		
<b>FOURTH 9 WEEKS – START 3/25/2024</b>			
PC Intake Interviews	March 4, 2024	8:00 a.m. – 4:00 p.m.	PC Conference Room
Application Cut-Offs	February 23, 2024		
<b>FIRST 9 WEEKS for NEXT YEAR 2024-25</b>			
PC Intake Interviews	April 29, 2024	8:00 a.m. – 4:00 p.m.	PC Conference Room
Application Cut-Offs	April 19, 2024		
<b>PROJECT CONNECT GRADUATION</b> <b>Wednesday, May 15th @ 2:00 PM in the Seminar Center</b> <i>Please join us in celebrating our 2024 Project Connect Graduates!</i>
