

BUILDINGS AND GROUNDS MAINTENANCE

The board of education believes that adequate maintenance of buildings, grounds, and property is essential to efficient management of the technology center.

The board directs a continuous program of inspection and preventative maintenance of technology center buildings and equipment.

The superintendent shall develop and implement a maintenance program that will include:

- A regular program of repair and conditioning;
- Spare parts inventory;
- An equipment replacement procedure; and
- A long-range program of building modernization and conditioning.

The superintendent shall develop such guidelines as may be necessary for the maintenance and repair of the physical plant.

The maintenance supervisor shall conduct a physical inspection of each building on a regular basis and report findings to the campus director.
