

PHILOSOPHY

The philosophy of Canadian Valley Technology Center is to create a culture of continuous improvement by focusing on developing our leaders, teachers, staff, students, and community through innovative learning experiences and teaching techniques. Our goal is to create a healthy, inclusive, learning environment focused on the success and well-being of everyone we serve. We do this by implementing ethical practices, high expectations, clear communication, fair and consistent accountability standards, and creating an environment of trust, safety, and respect for all.

We are committed to serving others and strengthening economic development through our business and industry partnerships, quality competency-based instruction, and educating students to meet workforce demands. Our commitment to rigorous and relevant education, continuous improvement, support of economic development, and serving the individual through intellectual, social, and emotional growth and development opportunities will provide the foundation for lifelong personal and professional success and enrichment.
