

PUBLIC GIFTS TO THE TECHNOLOGY CENTER

The board of education assumes responsibility, within its financial capabilities, for providing at public expense all items of equipment, supplies, and services that may be required in the technology center under its jurisdiction. Gifts, grants, or bequests will be accepted and the action recorded, provided the conditions of acceptance do not remove any degree of control of the technology center from the board and will not cause inequitable treatment of any student(s) or student group(s).

Propositions giving funds, equipment, or materials to the technology center with a “matching agreement” or restriction are generally not acceptable. Acceptance of donated equipment or materials may depend upon compliance with the board’s policy of standardizing materials and equipment in the technology center. The acceptance of a gift for a particular campus, however, indicates the board’s approval of the use the benefactor specified.

Gifts, grants, or bequests should be approved by the superintendent or designee, who may accept the gift, thank the donor, and inform the board, except that offers of real property will be accepted only by the board. Also, where the appropriateness of a gift is in doubt, the superintendent may refer the matter to the board for its acceptance or rejection. For example, single gifts of considerable value exhibiting the donor’s name or business shall be considered on an individual basis by the board.

All conditional gifts must be approved by the board.

Any gift or grant accepted by the board or the superintendent as its executive officer will become the property of the district and will comply with all state and federal laws.
